Airports

Philadelphia International Airport

Via Cab → <http://www.philapark.org/taxicab-tariffs/>

Flat Rate (cab) from the Center City Zone to the Airport: \$28.50 per one way trip regardless of the number of passengers.

Flat Rate (cab) from the Airport to the Center City Zone: \$28.50 per one way trip for one (1) passenger. A \$1.00 per passenger surcharge for each additional passenger after the first will be added to the meter after the flat rate fee is engaged on the meter by the driver after leaving the Airport. This applies only to passengers over the age of twelve (12). If the trip necessitates a drop-off at more than one destination in the Center City Zone, the following applies: the flat rate and all additional per passenger surcharges of \$1.00 each are to be collected upon departure of the first passenger in the Center City Zone. The driver will then reset the meter initiating a new flag drop using the standard meter rates above for each of the remaining passengers if each requires a separate drop-off.
