About Nevada State College

Founded in 2002, Nevada State College (NSC) is a four-year public college located on a developing 500-acre campus in the foothills of Henderson, Nevada (adjacent to Las Vegas). Our faculty members enjoy the rare opportunity to mold the college as it continues to grow into a cornerstone of higher education in Southern Nevada. NSC faculty work in state-of-the-art facilities that feature “smart” classrooms and a Finance Lab that allows students to use real-world and timely information during class. The average class size across campus is 27 students. For more information about NSC, watch this [video about student life at NSC](#).

NSC serves approximately 4,200 students who are highly diverse and largely underserved; a majority of our students are first generation, racial/ethnic minorities, parents, and/or returning students. As a teaching-oriented institution, our faculty focus on high-quality instruction, engaging learning experiences, and innovative techniques to improve student learning.

At Nevada State College, we celebrate the storied backgrounds of our campus community. We operate with a shared commitment to represent and serve the diverse population of Nevada and to encourage the exchange of ideas that respects and honors the lived experiences of our students, staff, and faculty.
